**SUBJECT:** Correction of the County Crop Program Deletions

**BACKGROUND:**

The Risk Management Agency (RMA) issued Manager’s Bulletin MGR-013-005 on June 4, 2013 regarding the deletion of a number of county crop programs for the 2014 and succeeding crop years due to no participation by any producers in these county crop programs within the last five years.

After further analysis, RMA learned three county crop programs approved to be deleted had policies earning premiums for the first time in over 10 years for the 2013 crop year. The intent was only for county crop programs having no participation by any producers within the last five years to be deleted for the 2014 and subsequent crop years.

**ACTION:**

The three county crop programs having policies earning premiums for the 2013 listed in the table below **will not be terminated** for the 2014 and succeeding crop years.
