INFORMATIONAL MEMORANDUM: PM-12-015

TO: All Approved Insurance Providers
All Risk Management Agency Field Offices
All Other Interested Parties

FROM: Tim B. Witt /s/ Tim B. Witt
Deputy Administrator

SUBJECT: 2011 Crop Year Group Risk Plan Payment Yields and Group Risk Income Protection Plan Final County Yields and County Revenues for Corn, Grain Sorghum, and Soybeans

In accordance with Section 3 of the Group Risk Plan (GRP) Crop Provisions, payment yields have been approved for corn, grain sorghum, and soybeans for the 2011 crop year. These payment yields have been incorporated into the Actuarial Data Master (ADM) and will be available by close of business today on the Risk Management Agency (RMA) website at: www.rma.usda.gov/data/grpfinal/.

In accordance with Section 3 of the Group Risk Income Protection (GRIP) Plan Crop Provisions, final county yields and county revenues have been approved for corn, grain sorghum, and soybeans for the 2011 crop year. These final county yields and county revenues have been incorporated into the ADM and will be available by close of business today on the RMA website at: www.rma.usda.gov/data/gripfinal/.

In some situations, the National Agricultural Statistics Service (NASS) has been unable to provide a county estimate for the basis of the GRP or GRIP offer available in that specific county.

GRP special provisions for the 2011 crop year state:

If NASS is unable to provide a yield used to determine the payment yield on the same basis as the expected county yield described in the actuarial documents, RMA will determine the payment yield.

GRIP and GRIP-HRO special provisions for the 2011 crop year state:

If NASS is unable to provide a yield used to determine the final county yield on the same basis as the expected county yield described in the actuarial documents, RMA will determine the final county yield.

The Federal Crop Insurance Corporation

An Equal Opportunity Employer

PM-12-015: 2011 Crop Year Group Risk Plan Payment Yields and Group Risk Income Protection Plan Final County Yields and County Revenues for Corn, Grain Sorghum, and Soybeans

2

In these situations, RMA utilized either the combined county estimate or, if none exists, the combined district estimate provided by NASS as the basis for determining the payment yield or final county yield. The attached list notes which counties with policies this process affected.
