

Crop Insurance Experience with Coverage Level (1989 – 2016)

The crop insurance experience file contains “summary of business” type information and is available for crop years from 1989 through 2016. The files are created in a delimited format using the | symbol as the delimiter (commas are frequently part of some of the fields) and can be easily used to create EXCEL spreadsheets. The format identified in the layout below uses a 9 to indicate a numeric value with the maximum characters or decimal layout (V) in the parenthesis following while an X will indicate an alpha-numeric value with the maximum characters following.

If there are any questions regarding these files, please address them to Barbara Carter at barbara.carter@rma.usda.gov
