2015 Crop Year Actuarial Document Changes Released for Iowa, Minnesota, and Wisconsin

SAINT PAUL, Minn., Nov. 5, 2014 — USDA's Risk Management Agency (RMA) announced that a summary of updates for all 4/30, 6/30, and 8/31 commodities and insurance plans are now available for the 2015 crop year. These update sheets can be found at www.rma.usda.gov/aboutrma/fields/mn_rso/actuarial/index.html.

Producers, insurance agents, and insurance company employees are encouraged to use these resources as a reference for important 2015 insurance changes. These update sheets can be used to find information on program expansion and deletion, date changes, map changes, and updates made to the crop special provisions in the Saint Paul Region, which includes Iowa, Minnesota, and Wisconsin. Visit the Actuarial Information Browser at webapp.rma.usda.gov/apps/actuarialinformationbrowser/ on the RMA website for the most current commodity report by county.

Crop insurance is sold and delivered solely through private crop insurance agents. Contact a local crop insurance agent for more information about the program. A list of crop insurance agents is available at all USDA Service Centers or on the RMA website at www.rma.usda.gov/tools/agents/.
