

# Sunflowers

## Wyoming

### Crop Insured

The crop insured is all oil and confectionery sunflowers planted and grown for harvest as seed. Sunflowers in counties with no actuarial table are only insurable by written agreement.

### Counties Available

Goshen, Laramie

### Insurance Plans Available

**Yield Protection** — Insurance coverage only providing protection against a production loss.

**Revenue Protection** — Insurance coverage providing protection against loss of revenue due to a production loss, price decline or increase, or a combination of both.

**Revenue Protection with Harvest Price Exclusion** — Insurance coverage providing protection only against loss of revenue due to a production loss, price decline or a combination of both.

### Insurance Period

Coverage begins at the later of the date your application is accepted or the date insured crop is planted. Coverage ends the earliest of: total destruction of insured crop, harvest of insured crop, final loss adjustment of a loss, abandonment of insured crop; or November 30.

### Important Dates

Sales Closing/Cancellation.....	March 15
Initial Planting Date.....	May 11
Final Planting Date.....	June 15
Production Reporting Date.....	April 29
Acreage Reporting Date.....	June 30
Billing Date.....	October 1

### Reporting Requirements

**Acreage Report**—You must report all acreage of your sunflowers both insured and uninsured including share, type, practice, and land identifiers on or before the acreage reporting date.

### Causes of Loss

- Adverse weather conditions
- Earthquake
- Failure of irrigation water supply<sup>1</sup>
- Fire
- Insects<sup>2</sup>
- Plant disease<sup>2</sup>
- Volcanic eruption
- Wildlife

<sup>1</sup>If caused by an insured cause of loss.

<sup>2</sup>Not due to insufficient or improper application of control measures.

### Duties in the Event of Damage or Loss

- (1) Protect the crop from further damage by providing sufficient care;
- (2) Notify your agent within 72 hours of your initial discovery of damage (but not later than 15 days after the end of the insurance period). Consult your agent and your policy for additional requirements that apply.

### Coverage Levels and Premium Subsidies

Coverage Level	Subsidy								
	50	55	60	65	70	75	80	85	
Basic Units	67	64	64	59	59	55	48	38	
Enterprise Units	80	80	80	80	80	77	68	53	
Optional Units	67	64	64	59	59	55	48	38	
Whole Farm Unit	80	80	80	80	80	80	71	56	

Example: An average yield of 1500 pounds per acre would result in a guarantee of 1125 pounds per acre at the 75-percent coverage level. If this were a basic unit, your premium would be subsidized by 55% and your share of the base premium would be 45%.

Catastrophic (CAT) coverage is fixed at 50 percent of your average yield and 55 percent of the price election. The cost for CAT coverage is an administrative fee of \$300, regardless of the acreage.

## Price Elections

Prices are calculated in accordance with the Commodity Exchange Price Provisions (CEPP). Prices for oil type sunflowers are based on the December futures market for soybean oil. The projected price discovery period is February 1 through February 28. The harvest price discovery period is October 1 through October 31. Prices for confectionary type sunflowers are determined as above plus an adjustment determined by RMA.

Projected price is used to calculate premium, replant payment and any prevented planting payment.

Harvest price is used to value production to count under the Revenue Protection and the Revenue Protection with Harvest Price Exclusion plans of insurance.

Contact your agent or for more information see: <http://www.rma.usda.gov/tools/pricediscovery.html>

## Insurance Units

**Basic Unit:** A basic unit includes all of your sunflower acreage in the county by share arrangement. Premiums are reduced by 10 percent for a basic unit.

**Optional Units:** If a basic unit consists of two or more sections of land, and certain record keeping requirements are met, you may apply for optional units by section. The 10-percent discount will not apply.

**Enterprise Unit:** Generally consists of all the insured crop acreage in a county. Premium discounts apply.

**Whole Farm Unit:** Generally consists of all the insured crops in the county that are covered by revenue plans. Premium discounts apply.

## Replant Provisions

Replant provisions are applicable with the exception of catastrophic (CAT) coverage policies.

## Prevented Planting

Prevented Planting coverage may be available.

## Rotation Requirements

Insurance will not attach to any acreage on which sunflowers, canola, crambe, dry beans, safflowers, mustard, or rapeseed were planted in the previous crop year.

## Administrative Fees

**Catastrophic (CAT) Coverage:** \$300 per crop per county. No additional insurance premium is charged.

**Buy Up Coverage:** \$30 per crop per county. An additional insurance premium is charged.

## Where to Purchase

All multi-peril insurance, including CAT coverage insurance policies, are available from private insurance agents. A list of crop insurance agents is available at: <http://www3.rma.usda.gov/tools/agents>
