- (2) Notwithstanding paragraph (3), applications for eligible livestock price insurance contracts that are rejected by the UCM, as applicable, will not be eligible for reinsurance, A&O subsidy, or risk subsidy.
- (3) Except as specified below, the Company shall offer and market all plans of insurance for all agricultural commodities in any State where actuarial documents are available in which it writes an eligible livestock price insurance contract and shall accept and approve applications from all eligible producers. The Company may not cancel an eligible livestock price insurance contract held by a policyholder so long as the policyholder remains an eligible producer and the Company continues to write eligible livestock price insurance contracts within the State, except as authorized by FCIC. The Company is not required to offer such plans of insurance as may be approved by FCIC under the authority of section 508(h) of the Act. (7 U.S.C. § 1508(h)). However, if the Company chooses to offer any such plan, it shall offer the plan in all approved states in which it writes an eligible livestock price insurance contract where such plan is made available and it shall comply with all provisions of this paragraph as to such plan.
- (4) In exchange for the reinsurance premiums ceded by the Company to FCIC under this Agreement, FCIC will provide the Company with reinsurance in accordance with the provisions of this Agreement.
- (5) A Company and its affiliates are prohibited from providing a rebate except as authorized in section 508(a)(9)(B) of the Act (7 U.S.C. § 1508(a)(9)(B)).
- (6) A violation of paragraph (5) will result in the denial of reinsurance, A&O subsidy, and risk subsidy, for all eligible livestock price insurance contracts for which such violation occurred, and may subject the person who committed or authorized the violation to administrative sanctions,

including, but not limited to, disqualification under the Act or applicable regulations.

- (7) Only the amount of net book premium authorized by FCIC in the approved Plan of Operations, including any amendments under Appendix II, shall be reinsured and subsidized under this Agreement.

  - (A) The Company shall provide information necessary to evaluate compliance with this paragraph as often as required by FCIC.
  - (B) The Company shall provide written notice to FCIC of any anticipated change in:
    - (i) Its service providers or the services they provide (e.g., software, software agreements, service agreements, etc.); or

      - (I) The request must be approved by FCIC in writing before the amended Plan of Operations can become a part of this Agreement.

- 
- (II) The request will be evaluated in accordance with the FCIC procedures applicable to the original Plan of Operations, except that FCIC will also consider whether FCIC's risk is materially increased.
  - (III) FCIC will not approve a request to amend the Plan of Operations if such amendment would materially increase the risk of loss to FCIC unless FCIC, at its sole discretion, determines that the amendment arises from an action of FCIC or the U.S. Department of Agriculture that substantially increases the risk of underwriting loss on eligible livestock price insurance contracts written by the Company.
  - (IV) Changes to eligible livestock price insurance contracts made in accordance with the terms of such contract are not a basis for an amendment to the Plan of Operations.
- (D) If at any time during the reinsurance year FCIC cannot determine that the Company is in compliance with the requirements of this paragraph or FCIC learns that the Company may be in substantial risk for failure to comply with the requirements of this paragraph, the Company shall take corrective actions acceptable to FCIC in accordance with section IV(g)(4), or be subject to the remedies provided for in this Agreement.
- (9) The Company shall demonstrate a satisfactory performance record to obtain an Agreement and continue to hold an Agreement for the reinsurance year. The following will be reviewed to determine whether there is a satisfactory performance record:

- (D) Whether FCIC or a State has identified any material deficiencies that may raise questions or concerns regarding the Company's ability to meet the requirements of this Agreement.
- (10) If the Company previously has not been an AIP, the Company and its service providers shall demonstrate to the satisfaction of FCIC that it can achieve and maintain a satisfactory performance record consistent with paragraph (9).
- (11) Failure to meet the conditions stated in paragraphs (8), (9), or (10), may subject the Company to appropriate remedies in this Agreement, including, but not limited to, denial of an Agreement, suspension of the Agreement or a reduction in the net book premium the Company is authorized to write.
- (12) Unless otherwise specifically approved by FCIC in advance in writing, the Company may only delegate its authority or control over the designation of eligible livestock price insurance contracts to reinsurance funds to its managing general agent and the Company shall include the delegation in its Plan of Operation.
- (13) Failure of the Company to comply with the provisions of this Agreement, including, but not limited to, timely submission of data and reports, does not excuse or delay the Company's requirement to pay any amount due to FCIC by the dates specified herein.

- (14) Neither the Company nor its affiliates shall assess service fees or additional charges on eligible livestock price insurance contracts reinsured and subsidized under this Agreement except as authorized by the Act or approved by FCIC in writing.

(b) Reinsurance

- (1) All eligible livestock price insurance contracts accepted by the UCM will be automatically designated to the Commercial Fund. However, the Company may designate any eligible livestock price insurance contract accepted by the UCM to the Private Market Fund in accordance with Appendix III within two Federal workdays of acceptance of the contract by FCIC.

(A) Private Market Fund

- (i) Proportional: The Company will cede to FCIC at least five percent (5%) and no more than sixty-five percent (65%) of total net book premium and associated liability for ultimate net losses on eligible livestock price insurance contracts, as designated in its Plan of Operations for the reinsurance year. Such percentage designation must be made in five percent (5%) increments.

(B) Commercial Fund

- (i) Proportional: The Company will cede to FCIC from zero to sixty-five percent (65%) of total net book premium and associated liability for ultimate net losses on eligible livestock price insurance contracts, as designated in its Plan of Operations for the reinsurance year. Such percentage designation must be made in five percent (5%) increments.

- (ii) Non-Proportional: Retained premium and associated liability from eligible livestock price insurance contracts designated to the Commercial Fund are subject to the following two layers of stop-loss coverage and premium:

(I) First Layer: FCIC's participation on this layer shall be ninety percent (90%) of the amount by which the Company's aggregate ultimate net losses exceeds one hundred and fifty percent (150%) but is less than five hundred percent (500%) of aggregate net book premium retained by the Company.

(II) Second Layer: FCIC's participation on this layer shall be one hundred percent (100%) of the amount

by which the Company's aggregate ultimate net losses exceeds five hundred percent (500%) of aggregate net book premium retained by the Company.

- (III) The Company shall pay to FCIC a reinsurance premium in an amount equal to four and a half percent (4.5%) of the net book premium retained by the Company for all eligible livestock price insurance contracts designated to the Commercial Fund.

(2) Commercial Reinsurance/Private Market Instruments

(A) The Company may use commercial reinsurance or private market instruments to transfer or hedge its liability for ultimate net losses remaining after all cessions under this Agreement. The Company shall not use private market instruments to transfer or hedge any liability for ultimate net losses:

- (i) For eligible livestock price insurance contracts contained in the Commercial Fund; or
- (ii) Cede to FCIC in either the Private Market or Commercial Fund.

(B) Commercial reinsurance required to meet the Company's obligations under this Agreement, unless otherwise specified by FCIC in writing, must meet the definition of, and the standard applicable to:

(A) The Contingency Fund, which is part of the insurance fund authorized under section 516(c) of the Act (7 U.S.C. § 1516(c)), is

used to offset expenses incurred by FCIC to administer a Company's book of business in the event of Company supervision, rehabilitation, insolvency or operational deficiency, or an equivalent event, as determined by FCIC, or the Agreement is terminated for cause.

- (B) Any amounts owed to FCIC by the Company in accordance with sections II(a)(6), II(b)(4), IV(g), and IV(i)(4) will be accounted for in the Contingency Fund.
- (4) In addition to other remedies provided in this Agreement, FCIC may, at its sole discretion, offer additional reinsurance beyond what is otherwise provided in this Agreement whenever the Company reports an amount of net book premium greater than the amount FCIC has authorized, in accordance with Appendix II. FCIC may cause the underwriting gain or loss after the cession determined in paragraph (1)(A) and (B), payable to or by the Company, to be reduced according to the ratio of the excess net book premium to the total reported net book premium. The excess will then be reinsured under this Agreement. The Company agrees to pay FCIC a reinsurance premium equal to 5 percent of the excess net book premium whenever this provision applies.

### **SECTION III. SUBSIDIES, EXPENSES, FEES, AND PAYMENTS**

#### **(a) Subsidies and Expenses**

- (1) Risk subsidy for eligible livestock price insurance contracts will be the amount approved by the Board, and will be provided to the Company by FCIC at the first monthly settlement after the Company submits, and the UCM accepts, the eligible livestock price insurance contracts, and will be updated each month thereafter as needed.
- (2) A & O Subsidy
  - (A) Notwithstanding the provisions of this section, under no circumstances will A&O subsidy be paid in excess of the amounts authorized by the Act.
  - (B) A&O subsidy for eligible livestock price insurance contracts will be 22.2 percent, or a percent approved by the Board, of the net book premium attributed to such eligible livestock price insurance contracts (This amount will increase to 23.35 percent for states with a loss ratio greater than 120 percent of the total net book premium written in the state by all approved insurance providers). Payment will be made by the FCIC to the Company at the first

monthly settlement after the Company submits, and the UCM accepts, the eligible livestock price insurance contracts, and will be updated each month thereafter as needed.

(C) In addition to other provisions of this Agreement, the amount of A&O subsidy may be adjusted to a level that the FCIC determines to be equitable if issuing or servicing eligible livestock price insurance contracts involve expenses that vary significantly from the basis used to determine the A&O subsidy under this section.

(3) The SSNs of all agents and loss adjusters, as applicable, who perform any service or related activity under an eligible livestock price insurance contract, shall be provided to FCIC in accordance with FCIC procedures. If the applicable SSN is not provided for an eligible livestock price insurance contract, the Company shall not receive any reinsurance for that eligible livestock price insurance contract until the appropriate SSN is provided.

(b) Payments

- (1) For all policies insured under this agreement which require premium payment upon application, the Company shall pay to the FCIC all premium ceded to FCIC as proportional reinsurance under the Private Market and Commercial Funds, and any non-proportional reinsurance premium on eligible livestock insurance contracts designated to the Commercial Fund at the first monthly settlement after the Company submits, and the UCM accepts, the eligible livestock price insurance contracts, and will be updated each month thereafter as needed. If a policy does not require premium payment upon application, the Company shall make payment of all premium ceded to FCIC as proportional reinsurance under the Private Market and Commercial Funds, and any non-proportional reinsurance premium on eligible livestock insurance contracts designated to the Commercial Fund at the monthly accounting cut-off following the premium billing date contained in the Actuarial Data Master.
- (2) FCIC shall pay to the Company all reinsurance benefits due the Company on business placed in the Private Market and Commercial Funds at the first monthly settlement after the Company submits, and FCIC accepts, the information needed to accurately establish the liability and losses for such eligible livestock price insurance contracts, and will be updated each month thereafter as needed.
- (3) At the Company's request, FCIC may, at its sole discretion, provide for bi-weekly settlements under paragraph (1) and (2).

- 
- (4) All payments due FCIC from the Company will be netted on the monthly settlement report with amounts due the Company from FCIC. FCIC will remit amounts due the Company by electronic funds transfer (EFT) on or before the FCIC payment date. Any amounts due FCIC or the Company that are not timely remitted are subject to the interest rate provisions contained in section IV.(c)., with such interest accruing from the date such payment was due to the date of payment.
  - (5) In the event that FCIC erroneously rejects data that was correctly submitted by the Company and a payment would be due to the Company if the data had not been rejected, the Company shall be entitled to interest accrued on this amount for the period of such delay, at the rate provided in section IV.(c).1.
  - (6) Any funds paid by the Company to FCIC in the compromise and settlement of any dispute between FCIC and the Company in an amount less than FCIC claimed was due will be included on the monthly settlement report without regard to the provisions of sections II.b.
  - (7) Notwithstanding any other provision of this Agreement, if a review or examination reveals that the Company or its affiliates have committed an error or omission or failed to comply with a term of the Act, this Agreement, regulations, or FCIC procedures, FCIC will provide written notice to the Company within 3 years of the end of the insurance period when the error, omission or failure occurred, if the Company owes a debt to FCIC, unless the error, omission or failure was willful or intentional. The failure to provide timely notice required herein shall only relieve the Company from liability for the debt owed and not for other consequences of the error, omission or failure that address other obligations of the Company, including maintaining a satisfactory performance record. Written notice to the Company under this paragraph will:
    - (A) Describe the failure regarding compliance with a specified term of the Act, this Agreement, the regulations, or FCIC procedures;
    - (B) State that such failure results in an amount being owed to FCIC;
    - (C) Include the reinsurance year and eligible livestock price insurance contract number(s) for which such failure occurred; and
    - (D) Provide sufficient detail to put the Company on general notice of the type of error, omission or failure alleged (such as failure to properly calculate the approved yield or failure to conduct a pre-acceptance inspection, etc.).
-

- (8) The Company shall provide written notice, in a form similar to the notice in paragraph (7), to FCIC of any claim that funds may be owed from FCIC to the Company within 3 years after annual settlement of the reinsurance year in which such funds are claimed to be owed. Failure to provide such notice shall relieve FCIC of the obligation to repay any amount that would be owed to the Company. If an investigation by FCIC determines that funds may be owed by FCIC to the Company, written notice does not need to be provided.

#### **SECTION IV. GENERAL PROVISIONS**

##### **(a) Collection of Information and Data**

- (1) The Company is required to collect and provide to FCIC all SSNs or EINs that are required to be submitted by the policyholder under the eligible livestock price insurance contract, and the SSNs of all employees, affiliates, and other persons as required by FCIC procedures. SSNs or EINs shall be protected, as prescribed in the Privacy Act of 1974 (5 U.S.C. § 552a), by the Company and all of its affiliates with access to such information.
- (2) In accordance with section 502(c) of the Act (7 U.S.C. § 1502(c)), neither the Company, nor its personnel, or contractors, or affiliates may disclose to the public any information provided by the policyholder unless such disclosure is otherwise required by Federal law.
- (3) All persons who have access to Protected Information or Personally Identifiable Information, including, but not limited to, personnel, contractors, service providers and affiliates of the Company, shall sign a non-disclosure statement, in accordance with reporting and certification requirements contained in section XV of Appendix I.
- (4) The Company and all of its affiliates shall develop, implement, and maintain information controls and systems, including those pertaining to all Protected Information and records, in a manner consistent with the Federal Information Security Management Act (FISMA) (44 U.S.C. § 3541), or any Federal law covering Federal crop insurance information. FISMA is based on an on-going, risk-based process to identify, assess, plan, and strengthen information security. The Company shall make available audit and assessments examining its Information Technology security, both internal and external, to FCIC upon request.
- (5) The Company shall report any loss or unauthorized disclosure of Protected Information or Personally Identifiable Information to FCIC within one hour of discovery of the loss or unauthorized disclosure of such

information in accordance with Appendix III, and shall not distinguish between suspected or confirmed losses or disclosures.

(b) Reports

- (1) The Company is required to collect, maintain and submit to FCIC data that FCIC reasonably determines is necessary to the operation of the Federal crop insurance program. Data the Company is required to submit to FCIC shall be certified as accurate, detailed and submitted to FCIC in accordance with FCIC procedures.
- (2) Producer premiums and administrative fees collected by the Company shall be reported to FCIC in accordance with Appendix III.
- (3) The Company shall provide information to FCIC relating to eligible livestock price insurance contracts of the Company reinsured under this Agreement as specified herein and in Appendix III.
- (4) The Summary of Coverage and billing statement provided to the policyholder shall, at a minimum, prominently display each of the following:
  - (A) The amount of risk subsidy paid by FCIC on behalf of the policyholder;
  - (B) The amount of premium due the Company from the policyholder;
  - (C) The amount of A&O subsidy paid by FCIC to the Company on behalf of the policyholder; and
  - (D) For purposes of displaying the A&O subsidy adjustment calculated in accordance with section III(a)(2)(B), a footnote stating: “The reported A&O subsidy amount may increase by 1.15 percent of the net book premium, if the loss ratio in the state exceeds 1.20 or may otherwise change if required by the Standard Reinsurance Agreement. However, the amount of premium the policyholder is required to pay will not change.”

(c) Interest

- (1) Any interest that FCIC is required to pay the Company under the terms of this Agreement will be paid in accordance with the interest provisions of the Contract Disputes Act (41 U.S.C. §§ 601 *et seq.*).

- (2) Any interest that the Company is required to pay FCIC under the terms of this Agreement will be paid at the simple interest rate of 15 percent per annum.
  - (3) The Company will repay with interest any amount paid to the Company by FCIC that FCIC or the Company subsequently determines was not due.
  - (4) FCIC will repay with interest any amount paid by the Company to FCIC, which FCIC subsequently determines was not due.
  - (5) Interest on amounts determined not to be due will begin to accrue on the 31st day after the date that:
    - (A) In the case of amounts owed to the Company, a written notification stating the amount claimed to be owed is provided to FCIC by the Company, as applicable, and end on the date the amount is paid in full; or
    - (B) In the case of amounts owed to FCIC, the Company receives a final determination from FCIC or other written statement from FCIC that a specific amount is owed, as applicable, and end on the date the overpaid amount is paid in full. Appeal by the Company under this Agreement or 7 C.F.R. § 400.169 does not delay the date by which interest starts to accrue.
- (d) Supplemental Insurance
- (1) The Company shall not sell a contract of insurance or similar instrument, which is written in conjunction with an eligible livestock price insurance contract and not reinsured by FCIC, unless the Company has complied with the requirements of 7 C.F.R. § 400.713.
  - (2) FCIC will not provide reinsurance for an eligible livestock price insurance contract if the Company sold a contract of insurance or instrument described in paragraph (1) that FCIC determines to have shifted risk to, or increases the risk of, such eligible livestock price insurance contract reinsured under this Agreement, or if the Company administers such insurance or instrument in a manner inconsistent with information submitted in accordance with 7 C.F.R. § 400.713.
  - (3) The Company shall maintain, and make available at the request of FCIC, the underwriting information pertaining to a contract of insurance or instrument described in paragraph (1), including, but not limited to, the policy number and all SSNs and EINs related to the eligible livestock price insurance contract.

- (4) If the terms of a contract of insurance or instrument described in paragraph (1) become inconsistent with the terms of the eligible livestock price insurance contract causing payments to be made under the eligible livestock price insurance contract that would not otherwise be payable, reinsurance will be denied.
- (e) Insurance Operations
- (1) General
- (A) The Company shall verify yields and other information used to establish insurance guarantees and indemnity payments in accordance with the regulations and FCIC procedures.
- (B) The Company shall use contracts, standards, FCIC procedures, methods, and instructions as authorized by FCIC in the sale and service of eligible livestock price insurance contracts.
- (C) The Company shall comply with standards and FCIC procedures to create forms used in the sales and service of any eligible livestock price insurance contract.
- (2) Plan of Operations
- (A) The Company's complete Plan of Operations shall be submitted to FCIC by April 1 preceding the reinsurance year, unless otherwise authorized by FCIC. The Plan of Operations shall meet the requirements of this Agreement, including, but not limited to, the format and all requirements specified in Appendix II, to be considered a complete Plan of Operations.
- (B) The Plan of Operations contains integral terms to this Agreement so no Agreement exists for a reinsurance year until the Plan of Operation has been approved by FCIC. Once approved by FCIC, the Company's Plan of Operations becomes an Appendix to the Agreement.
- (C) If the Plan of Operations is not approved by FCIC by the July 1 start of the reinsurance year:
- (i) FCIC may, at its sole discretion, provide the Company with written notice:
- (I) Agreeing to reinsure and pay A&O subsidy and risk subsidy for eligible livestock price insurance contracts that are renewed or sold by or on behalf of

the Company while FCIC continues its evaluation of the Plan of Operations: or

- (II) Directing the Company and any of its service providers and agents to cease the renewal or sale of eligible livestock price insurance contracts until FCIC determines whether to approve or disapprove the Plan of Operations.
- (ii) Any eligible livestock price insurance contract sold or renewed after FCIC has provided written notice that the Company shall cease the renewal or sale of eligible livestock price insurance contracts until FCIC determines whether to approve or disapprove the Plan of Operations will not be provided reinsurance, A&O subsidy, or risk subsidy.
- (iii) If FCIC authorizes the continued renewal or sale of eligible livestock price insurance contracts by or on behalf of the Company while FCIC completes its evaluation of the Plan of Operations and:
  - (I) Approves the Plan of Operations, the renewed and sold eligible livestock price insurance contracts will be reinsured under the newly approved Plan of Operations; or
  - (II) Disapproves the Plan of Operations, the eligible livestock price insurance contracts renewed or sold during the evaluation period will be transferred to FCIC and will be processed in accordance with section IX of Appendix I.
- (D) The Company shall be in compliance with the Freedom to E-File Act and section 508 of the Rehabilitation Act. The Company shall file its plan for meeting the requirement of these statutory provisions, in accordance with Appendix II.
- (f) Access to Records and Operations
  - (1) Upon written request, unless otherwise authorized by the FCIC Manager, the Company shall provide FCIC reasonable access to its offices, personnel, and all records that pertain to the business conducted under, or the requirements contained in, this Agreement, including, but not limited to, access to records on the operation of the Company, at any time during normal business hours.

- (2) The Company shall enter into, and enforce agreements to ensure that its affiliates provide FCIC and the Company with access to its affiliates' offices, personnel, and all records that pertain to the business conducted under, or the requirements contained in, this Agreement, including, but not limited to, access to records on the operation of such affiliate, at any time during normal business hours.
  - (3) The Company shall designate in its Plan of Operations where the records pertaining to the business conducted under this Agreement are located. In the case of electronic records, the location of computers or servers may be deemed the designated location.
  - (4) Records described in this subsection shall be retained until 3 years after the last day on which records may be submitted through automated systems in accordance with Appendix III.
  - (5) FCIC may require the Company and its affiliates to retain certain specified records for a longer period than required in paragraph (4) if it so notifies the Company in writing at any time before the expiration of the applicable 3-year period. If the applicable 3-year period has expired and the Company or its affiliate still has the records in their possession, FCIC can require that such records be retained for a longer period by providing written notice.
  - (6) Notwithstanding paragraph (4), records regarding an unsatisfied debt of a policyholder shall be retained until the debt is satisfied or is discharged through bankruptcy proceedings.
  - (7) For the purpose of this subsection the term "FCIC" includes all U.S. Government agencies including, but not limited to, USDA Office of Inspector General, the Government Accountability Office, and the Department of Labor.
- (g) Compliance and Corrective Action
- (1) The Company and its affiliates shall comply with the provisions of this Agreement, as applicable. The Company is solely responsible for the conduct and performance of its personnel and affiliates with respect to the obligations imposed by this Agreement and FCIC procedures. Liability for damages incurred, to the extent it is caused by an error or omission or failure to comply with this Agreement or applicable FCIC procedures, is the sole responsibility of the Company. The assumption of liability under this section is only for the purpose of this Agreement and may not be relied upon by any person or entity not a part to this Agreement for any purpose.

- (2) In addition to paragraph (1), the Company and its affiliates shall comply with FCIC procedures, and the applicable laws of the States in which the Company is conducting business under this Agreement, unless preempted in accordance with section IV.(n).
- (3) The Company shall fully cooperate with FCIC in the review or examination of the Company or its affiliates regarding compliance with the requirements of the Agreement and FCIC procedures. The Company shall include in its agreements with its affiliates provisions that ensure that such affiliates agree to cooperate and assist FCIC in the reviews and examinations conducted in accordance with this Agreement.
- (4) In addition to any other remedies available under this Agreement, if FCIC finds that the Company has not complied with a provision of this Agreement, and the Company has not taken appropriate steps to correct the act of non-compliance, FCIC may, at its sole discretion, require that the Company take corrective action within 45 days of the date of making a written demand. The Company shall provide FCIC with satisfactory documentary evidence of the corrective action taken to address the act of non-compliance.
- (5) If a State makes a determination that the Company or its affiliates are not in compliance with state law and FCIC determines such non-compliance is material to the Company's obligations under this Agreement, and all appeals have been exhausted, FCIC will take remedial actions, which may include suspension or termination of this Agreement in accordance with section IV(h) and (i), denial of reinsurance, A&O subsidy, and risk subsidy, for all eligible livestock price insurance contracts for which such non-compliance occurred, in whole or in part, depending on the materiality or severity of the non-compliance.
- (6) In addition to any other remedies in this Agreement, if FCIC determines that the Company or its affiliate willfully violated the Agreement or FCIC procedures, FCIC reserves the right to deny reinsurance, A&O subsidy, and risk subsidy for any insurance contract that is sold or serviced in violation of the terms of this Agreement or FCIC procedures.
- (7) Whenever a failure to comply with a provision of this Agreement or FCIC procedures by the Company or its service providers, agents, and loss adjusters materially affects the existence or amount of the indemnity or premium for an eligible livestock price insurance contract (including, but not limited to, incorrect APH calculations; improper adjustment of losses; sales agents or sales supervisors involved in the adjustment of losses; failure to verify eligibility for insurance, livestock production, insurable shares, insurable causes of loss) and FCIC is:

- 
- (A) Able to determine the correct amount of indemnity or premium, FCIC, except as provided in paragraph (8)(A), will deny A&O subsidy, and risk subsidy or reduce the A&O subsidy for the eligible livestock price insurance contract based on the severity of the failure, and require the Company:
- (i) To report to FCIC through e-DAS the correct amount of indemnity and premium;
  - (ii) To pay to the policyholder any amount of underpaid indemnity or overpaid premium; and
  - (iii) To pay to FCIC any overpaid indemnity or underpaid premium and any subsidy that exceeds the amount the Company or policyholder was entitled to receive.
- (B) Unable to determine the correct amount of indemnity or premium that should have been paid, FCIC shall deny reinsurance, A&O subsidy, and risk subsidy, in whole or in part, based on the severity of the failure, unless the Company can provide documentary evidence satisfactory to FCIC that shows the correct amount of the indemnity or premium.
- (8) The Company provides valuable program delivery services for which payment is made in the form of A&O subsidy. FCIC and the Company agree that FCIC is damaged by a failure of the Company or its service providers, agents, and loss adjusters to provide services or to comply with a provision of this Agreement or FCIC procedures, and that the value of such service or failure to comply is difficult to determine because the damages are uncertain and the amount of service or failure to comply is difficult to quantify. FCIC and the Company agree that in view of the difficulty of determining the value of such service, the amounts stated below are reasonable estimates of the value. In the event there is a pattern or practice of failing to comply with the Agreement or FCIC procedures and FCIC has determined the Company or its service providers, agents, and loss adjusters have failed to provide services or to comply with a provision of this Agreement or FCIC procedures and such failure has occurred:
- (A) During the sales and service, claims, or operations process, the Company agrees to pay FCIC an amount up to the entire A&O subsidy, as applicable, on all livestock insurance contracts affected by the failure based on the materiality or severity of the failure, as determined by FCIC; and

- (B) If a pattern or practice under this paragraph also involves overpaid indemnities that may be collected under paragraph (7)(A), any reduction in A&O subsidies will be imposed under this paragraph, not paragraph (7)(A).
- (9) Failure of the Company or its affiliates to cease or desist any activity or to take a specific action, as required by FCIC in writing, will subject the Company or its affiliates to the sanctions in section 515(h) of the Act (7 U.S.C. § 1515(h)).
- (10) Any payment due from, or paid by, the Company under this subsection shall be in addition, and without prejudice, to any other rights of FCIC, or the United States. FCIC may, at its sole discretion, waive, reduce or delay repayment if such actions are needed for continued delivery of the program.
- (11) Failure of the Company to make payment in accordance with the provisions of this Agreement, or with provisions of any separate written agreement to make such payment between the Company and FCIC, shall subject the Company to the remedies available under this Agreement.
- (12) Nothing in this subsection prevents FCIC from suspending or terminating this Agreement in accordance with section IV.(h) and (i).
- (13) Nothing in this Agreement precludes the government from taking any actions authorized by law relating to fraud, waste, or abuse.
- (h) Suspension

In addition to the other remedies available in this Agreement, FCIC may suspend this Agreement for cause due to a material breach or failure to perform or comply with obligations under this Agreement. If this Agreement is suspended for cause:

- (1) Except as provided in paragraph (3), the suspension will remain in effect until FCIC determines that the error or omission has been corrected and that steps have been taken to prevent its occurrence.
- (2) While suspended, the Company shall not, as determined by FCIC:
- (A) Sell, or authorize to be sold, any new livestock insurance contracts;
- (B) Renew, or authorize the renewal of, existing eligible livestock price insurance contracts; or
- (C) Service any eligible livestock price insurance contracts in effect at the time of the suspension (A&O subsidy will continue to be paid

only for those eligible livestock price insurance contracts that FCIC requires to be serviced).

- (3) If the eligible livestock price insurance contracts are not serviced as required by paragraph (2)(C), or errors or omissions are not corrected within the timeframe specified by FCIC, the suspension will remain in effect and this Agreement will automatically terminate at the end of the reinsurance year, or an earlier date if notice of termination is provided by FCIC, and A&O subsidy will be denied.
  - (4) Notwithstanding any other provision of this Agreement, during the period of suspension, the Company may submit a request to FCIC for approval by FCIC to not renew some or all of the existing eligible livestock price insurance contracts. Each request shall contain supporting documentation stating the basis for the request and the proposed implementation of the request.
  - (5) Any eligible livestock price insurance contract that is sold or renewed if precluded by FCIC, while this Agreement is suspended will not receive reinsurance, A&O subsidy or risk subsidy for such eligible livestock price insurance contracts.
  - (6) Any eligible livestock price insurance contract not renewed in accordance with this subsection shall be canceled in accordance with the terms of the eligible livestock price insurance contract not later than 15 days before the next applicable cancellation date.
- (i) Termination
- (1) Notwithstanding any other provision of this Agreement, FCIC may terminate this Agreement for cause due to a material failure to perform or comply with this Agreement or the FCIC procedures, or for the convenience of the government.
  - (2) Termination will be effective on the date specified by FCIC but under no circumstances will it be after the last day of the reinsurance year.
  - (3) If this Agreement is terminated, FCIC will not provide reinsurance for eligible livestock price insurance contracts issued or renewed after the date of the termination. Except as otherwise provided in this Agreement, FCIC will provide reinsurance in accordance with the terms of the Agreement, for eligible livestock price insurance contracts in effect as of the date of the termination until the next cancellation date for the eligible livestock price insurance contract.

- 
- (4) In addition to any other reductions provided in the Agreement, if this Agreement is terminated by FCIC for cause, the Company shall pay FCIC an amount not greater than 10 percent of the net book premium for all eligible livestock price insurance contracts in its book of business based on the materiality or severity of the cause. All amounts collected under this paragraph will be placed in the Contingency Fund.
- (5) After termination of this Agreement, unless otherwise specified in this Agreement, all of the Company's eligible livestock price insurance contracts in its book of business shall be cancelled in accordance with the terms of such contract not later than 15 days before the next applicable cancellation date.
- (j) Disputes and Appeals
- (1) If the Company disputes an action, finding, or decision of FCIC under this Agreement, the Company shall seek a final administrative decision regarding such action, finding, or decision in accordance with the provisions of 7 C.F.R. § 400.169 before seeking judicial review.
- (2) If the Company seeks a final administrative decision or reconsideration in accordance with 7 C.F.R. § 400.169, FCIC will, in most cases, issue a fully documented decision within 90 days of the receipt of a notice of dispute accompanied by all information necessary to render a decision. If a decision cannot be issued within 90 days, FCIC will notify the Company within the 90-day period of the reasons why such a decision cannot be issued and when it will be issued.
- (k) Agreement Change Date
- (1) This is a single year Agreement that ends June 30 of the reinsurance year. The Company can enter into a new Agreement under the terms and conditions that exist as of March 15 preceding the reinsurance year, except as otherwise provided in this Agreement, by filing a Plan of Operations and obtaining approval from FCIC.
- (2) If Congress enacts legislation on or before June 30 that will affect the terms of the Agreement for the next reinsurance year, the Company may, within 15 days of the date of enactment:
- (A) Withdraw its Plan of Operations; or
- (B) Amend its Plan of Operations, according to FCIC procedures.

(l) Funding Contingency

If Congress makes any change in law that will affect the amount of funds authorized to be paid under this Agreement, the affected provisions in this Agreement will be automatically revised to reflect such change in funding. Under no circumstance may a payment be made under this Agreement that is in excess of the amount authorized by law at the time such amount may be owed.

(m) Previous Obligations

Any obligations continuing under any previous Agreement will remain subject to the terms and conditions of such previous Agreement.

(n) Preemption of State Law

- (1) In accordance with section 506(l) of the Act (7 U.S.C. § 1506(l)), the provisions of this Agreement that are inconsistent with provisions of State or local law will supersede such law to the extent of the inconsistency.
- (2) The provisions of 7 C.F.R. part 400, subpart P pertaining to preemption of State or local laws or regulations are specifically incorporated herein and made a part hereof.
- (3) No assessment for any guarantee funds or similar programs may be computed or levied on the Company by any State for or on account of any premiums payable on eligible livestock price insurance contracts reinsured under this Agreement.
- (4) No State or local regulatory authority, including without limitation a State's insurance commissioner, department, or comparable public authority, may enforce or seek to enforce any provision of the Act, the regulations, this Agreement, or any FCIC procedures, without the prior written consent of FCIC.

(o) Discrimination

The Company shall not discriminate against any employee, applicant for employment, insured, applicant for insurance, or potential applicant for insurance because of race, color, national origin, religion, sex, age, disability, marital status, or in retaliation for exercising his or her rights under applicable Federal law. The Company shall be in substantial compliance with all applicable Federal laws prohibiting discrimination.

(p) Set Off

- (1) Funds due from the Company may be set off under the provisions of this Agreement or under the provisions of 31 U.S.C. chapter 37.
- (2) Any amount due the Company under this Agreement is not subject to any lien, attachment, garnishment, or any other similar process prior to that amount being paid under this Agreement, unless such lien, attachment, or garnishment arises under title 26 of the United States Code.
- (3) Set off as provided in this section will not deprive the Company of any right it might otherwise have to contest the indebtedness involved in the set off action by administrative appeal.
- (4) In the event a Company fails to pay any amount when due under this Agreement, any further payments to the Company from FCIC will be set off against any amounts due FCIC regardless of the reinsurance year until such amounts are paid with appropriate interest.
- (5) Notwithstanding an assignment made in accordance with section IV(q), FCIC may set off:
  - (A) Any amount due FCIC under this Agreement;
  - (B) Any amounts for which the Company is indebted to the United States for taxes for which a notice of lien was filed or a notice of levy was served in accordance with the provisions of the Internal Revenue Code of 1986 (26 U.S.C. § 6323), or any amendments thereto or modifications thereof, before acknowledgment by FCIC of receipt of the notice of assignment; and
  - (C) Any amounts, other than amounts specified in subparagraphs (A) and (B) due to FCIC or any other agency of the United States, if FCIC notified the assignee of such amounts to be set off at or before the time acknowledgment was made of receipt of the notice of assignment.

(q) Assignment

- (1) No assignment by the Company shall be made of the Agreement, or the rights thereunder, unless:
  - (A) The Company assigns the proceeds of the Agreement to a bank, trust company, or other financing institution, including, but not limited to, any federal lending agency, or to a person or firm that holds a lien or encumbrance at the time of assignment; and

- (B) The Company receives the prior approval of FCIC to assign the proceeds of this Agreement to any other person or firm.
- (2) Any assignment made under paragraph (1):
  - (A) Will be recognized only if and when the assignee thereof files with FCIC a written notice of the assignment together with a signed copy of the instrument of assignment;
  - (B) Shall cover all amounts payable and not already paid under the Agreement;
  - (C) Shall not be made to more than one party; and
  - (D) Shall not be subject to further assignment, except that any such assignment may be made to one party as agency or trustee for two or more parties.
