

# Livestock Risk Protection Fed Cattle

## Livestock Risk Protection

The Livestock Risk Protection Insurance Plan for Fed Cattle (LRP-Fed Cattle) is designed to insure against declining market prices. Beef producers may choose from a variety of coverage levels and insurance periods that correspond with the time your marketweight cattle would normally be sold.

You may buy LRP-Fed Cattle throughout the year from Risk Management Agency (RMA)- approved livestock insurance agents. Premium rates, coverage prices, and actual ending values are posted online daily.

You may choose coverage prices ranging from 70 to 100 percent of the expected ending value. At the end of the insurance period, if the actual ending value is below the coverage price, you may receive an indemnity payment for the difference between the coverage price and actual ending value.

Visit RMA's website to see the LRP-Fed Cattle program's coverage prices, rates, actual ending values, and per hundredweight insurance cost (see useful links below). The actual ending values are based on weighted prices from USDA's Agricultural Marketing Service. Actual ending values are posted on the RMA's website at the end of the insurance period.

## Availability

You submit a one-time application for LRP-Fed Cattle coverage. After the application is accepted, you may buy specific coverage endorsements for up to 3,000 head of heifers and steers (weighing between 1,000 and 1,400 pounds) that will be marketed for slaughter near the end of the insurance period. The annual limit for LRP-Fed Cattle is 6,000 head per producer for each crop year (July 1 to June 30). The length of insurance coverage available for each specific coverage endorsement is 13, 17, 21, 26, 30, 34, 39, 43, 47, or 52 weeks.

LRP-Fed Cattle is available in all counties in all states.

## Buying a Policy

You must buy LRP-Fed Cattle insurance through a livestock insurance agent. You can fill out an application at any time. However, insurance does not attach until you buy a specific coverage endorsement. You must pay the insurance premium the day you buy insurance coverage for coverage to start. You may buy multiple specific coverage endorsements with one application. Your insurance coverage starts the day you buy a specific coverage endorsement and RMA approves the purchase.
