Malting Barley Endorsement

The Malting Barley Endorsement (MBE) utilizes a Chicago Board of Trade (CBOT) soft red wheat price component to derive the projected price for any insured whose malt barley contract provides for a premium amount above or below a base price to be determined, and the base price is not determined by the acreage reporting date. Please see the MBE for details:

Malting Barley Type	Exchange	Contract	Projected Price	Volatility Factor
Spring Planted Type	CBOT	September SRW Wheat	\$4.98/bushel	0.15

Hybrid Seed Price Endorsement

The following 2018 CY hybrid seed corn prices have been approved for the Hybrid Seed Price Endorsement: **\$3.96 per bushel** for the non-organic practice; and **\$9.07 per bushel** for the certified organic practice.

These amounts reflect the higher values of either: 1) the previously-released 2018 crop year MPCCI hybrid seed corn price elections [non-organic practice: \$3.95 per bushel; certified organic practice: \$8.97 per bushel]; or 2) the futures-based prices derived from the average daily settlement price in February for the 2018 December CBOT corn contract [non-organic practice: \$3.96 per bushel], multiplied by an organic corn price factor [certified organic practice: \$9.07 per bushel].
