USDA Outlines Eligibility for 2019 Supplemental Coverage Option Regarding Elections for Agriculture Risk Coverage and Price Loss Coverage

WASHINGTON, March 13, 2019 — The U.S. Department of Agriculture's Risk Management Agency (RMA) announced this week that producers who purchased or plan to purchase the [2019 Supplemental Coverage Option \(SCO\) policy](#) should report Agriculture Risk Coverage (ARC) or Price Loss Coverage (PLC) election intentions to their crop insurance agent by March 15, 2019, or the acreage reporting date, whichever is later.

Producers have the option to elect either ARC or PLC through the Farm Service Agency (FSA) to receive benefits. The 2018 Farm Bill allows producers to make an election in 2019, which covers the 2019 and 2020 crop years.

The Federal Crop Insurance Act prohibits producers from having SCO on farms where they elect ARC. Because of the timing of the Farm Bill, FSA's ARC/PLC election period will not occur until after the SCO sales closing dates and acreage reporting dates.

Producers who purchased SCO policies with sales closing dates of Feb. 28, 2019, or earlier may cancel their SCO policy by March 15, 2019. This allows producers, particularly those who intend to elect ARC for all their acres, to no longer incur crop insurance costs for coverage for which they will not be eligible.

Producers with SCO coverage now have the option to file an ARC/PLC acreage intention report with their crop insurance agent by the later of the acreage reporting date or March 15, 2019. This report will adjust the acreage report by specifying the intended ARC or PLC election by FSA Farm Number. The number of eligible acres on farms with an intention of PLC will be the number of acres insured for SCO regardless of any actual elections made with FSA. If a producer does not file an ARC/PLC acreage intention report, SCO will cover all acres as though the producer elected PLC.

The existing penalties for misreporting eligible acreage on the SCO endorsement will not apply in 2019.

Additional details about SCO can be found at www.rma.usda.gov.
