SUBJECT: Sales Closing Date for Production and Revenue History - Strawberries

Background

On May 21, 2020, The Federal Crop Insurance Corporation Board of Directors approved the Production and Revenue History (PRH) plan of insurance for strawberries for the 2021 crop year. The sales closing date (SCD) for Florida policies was first set as August 31, 2020. However, due to complications during implementation, the initial year of offering will be for a later SCD.

Action

The SCD for 2021 crop year PRH strawberries in Florida is now September 10, 2020. Approved Insurance Providers should advise agents and producers of the SCD for the 2021 crop year and allow any necessary adjustments as allowed by the policy.
