Crop Insurance Deadline Nears in Florida

Nursery Value Select Growers Need to Make Insurance Decisions Soon

VALDOSTA, Ga., April 1, 2021 — The USDA’s Risk Management Agency (RMA) reminds Florida Nursery Value Select growers that the final date to apply for crop insurance coverage for the 2022 crop year is May 1. Current policyholders who wish to make changes to their existing coverage also have until the May 1 sales closing date to do so. Growers applying for the first time may purchase coverage at any time.

Federal crop insurance is critical to the farm safety net. It helps producers and owners manage revenue risks and strengthens the rural economy. Coverage is available for Nursery Value Select in select Florida counties. Please contact your insurance agent to see if your county is covered.

Coverage begins 30 days after receipt of a signed application and approval of required documents. For Nursery Value Select coverage, a Nursery Value Report, Monthly Unit Value Plan, and two copies of the grower’s most recent catalog are required. More information on nursery crop insurance is available at RMA's Nursery Policy Web Page.

Growers are encouraged to visit their crop insurance agent soon to learn specific details for the 2022 crop year.

RMA is authorizing additional flexibilities due to coronavirus while continuing to support producers, working through Approved Insurance Providers (AIPs) to deliver services, including processing policies, claims, and agreements. RMA staff are working with AIPs and other customers by phone, mail, and electronically to continue supporting crop insurance coverage for producers. Farmers with crop insurance questions or needs should continue to contact their insurance agents about conducting business remotely (by telephone or email). More information can be found at farmers.gov/coronavirus.

Crop insurance is sold and delivered solely through private crop insurance agents. A list of crop insurance agents is available online using the RMA Agent Locator. Producers can use the RMA Cost Estimator to get a premium amount estimate of their insurance needs online. Learn more about crop insurance and the modern farm safety net at www.rma.usda.gov.
