

## Abbreviations

<b>Approved Abbreviation</b>	<b>Term</b>
AD	Actuarial Division
ADM	Actuarial Data Master
APH	Actual Production History
BBL	Barrel (unit of measure)
BU	Bushels (unit of measure)
CAT	Catastrophic Risk Coverage at the 50/60 level or comparable coverage designated by FCIC.
COB	Close of Business
CTN	Carton (unit of measure)
CWT	Hundred Weight (unit of measure)
DAS	Data Acceptance System
DOL	Dollar Amount (unit of measure)
DQS	Data Quality Section
EIN	Employer Identification Number
FCIC	Federal Crop Insurance Corporation
FIPS	Federal Information Processing Standards
LBS	Pounds (unit of measure)
LUG	Lug (unit of measure)
NCS	Non-Standard Classification System
ORM	Office of Risk Management
R&DD	Research & Development Division
RM	Risk Management
RSO	Regional Service Office
SBI	Substantial Beneficial Interest
SSN	Social Security Number
TON	Ton Weight (unit of measure)

## Definitions

RECORD TYPE(S)	NAME	DEFINITION
10	ADDRESS	Street address of box number designated for mailing.
10	ADDRESS STATE	U.S. Postal Service state abbreviation.
11	ADJUSTED GUARANTEE PER ACRE	Guarantee per acre after a LPO/PP factor has been applied.
21	ADJUSTER ID CODE	Unique code used to identify a loss adjuster.
21	ADJUSTER SIGNATURE DATE	Date that the adjuster signed the loss claim.
14	ADMINISTRATIVE FEE FLAG	Code used to designate the distribution of the fees collected for crop policies.
14	AGENT SSN	Unique number used to identify an agent.
15	ANNUAL YIELD (1-10)	Average yield for each individual year in a base period.
15	APPROVED YIELD	Approved yield determined under APH procedures.
14	ASSIGNED RISK	Code designating cession under the assigned risk clause of the SRA.
21	AUDIT CORRECTION	Code indicating that a loss previously identified as being incorrect through compliance, GAO, OIG Reviews, has been corrected.
11, 13	BASE PREMIUM RATE	Base premium rate from the actuarial master.
11,13,15, 18,19,21, 22,23	UNIT NUMBER	A unique number assigned for each tract of land qualifying as an individual unit as defined in the policy.
21	BENEFICIARY FLAG	Flag used to indicate that a loss payment will be made to a beneficiary.
10	BUSINESS NAME	Entity name of insured business.
10	CITY	City or town designated for mailing.
20,21,22, 23,49	CLAIM NUMBER	Unique number assigned to a loss claim by the servicing county for control purposes.
21	COLLATERAL FLAG	Flag to indicate that a loss payment will be made to a collateral holder.

## Definitions

RECORD TYPE(S)	NAME	DEFINITION
09,10,11, 13,14,17, 18,19,20,21,22,23,49	COMPANY	Code identifying the Company under the SRA.
21	COMPUTE INTEREST CODE	Used to determine if insured is due interest in the payment of the indemnity.
14	CONSERVATION COMPLIANCE INQUIRY	Used to request the Conservation Compliance state of a producer from the FSA database.
11,13,14, 15,18,19, 21,22,23	COVERAGE FLAG	Flag used to designate the type of coverage on the crop policy.
11,13,21	COVERAGE LEVEL PERCENT	The level of coverage chosen by the producer.
09,11,13, 14,15,17, 18,19,20,21,22,23,49	CROP CODE	Code assigned by FCIC to identify the crop.
09,10,11, 13,14,17, 18,19,20,21,22,23	CROP YEAR	Denotes the year in which the crop is normally harvested, and indicates the policy year for which coverage was provided.
11	DATE PLANTED	For annual crops, the calendar date on which the planting of the crop on the insurable acreage was completed.
49	DELETE TYPE	Flag to indicate the type of delete record being transmitted.
21	DETERMINED ACRES	Acres as determined by the adjuster at the time of loss.
09,11,14, 15	DUAL COVERAGE FLAG	Flag to indicate that the crop insured under the catastrophic risk policy is on high risk land.
11	DOLLAR AMOUNT OF INSURANCE	Selected dollar amount of insurance per acre or per ton.
10	ENTITY TYPE	Code used to identify the policyholder and any entities with a SBI in the policy.
11	EXPERIENCE FACTOR	The experience adjustment factor % calculated as specified in the "Experience-Premium Adjustment" section of the Rates and Rules manual.

14	EXPERIENCE INQUIRY	Used to request the previous insuring experience history for a producer.
11,15,21	FARM SERIAL NUMBER	Code assigned to a farm by the FSA. USDA.>

## Definitions

RECORD TYPE(S)	NAME	DEFINITION
21	FARM UNIT DEFICIENCY	Loss guarantee minus production to count.
09,10,11, 13,14,15, 17,18,21,22,23,49	FCIC CONTROL DATE	Date FCIC process the information transmitted.
10	COMPANY EMPLOYEE	Code used to designate that the insured is a Company employee.
15	FSA YIELD	The yield established by the FSA county office committee or proven from production records for individual farms by FSA farm serial number.
14	FSA YIELD INQUIRY	Used to invoke FSA Yield Inquiry.
11,21	GUARANTEE PER ACRE	Guarantee per acre used to calculate total guarantee.
11	HAIL COVERAGE FLAG	Indicates whether the entity insured elected to keep hail/fire coverage on the policy or obtained hail/fire coverage from a different source.
11	HARDINESS ZONE	Applies to Nursery only
21	HARVESTED PRODUCTION	Harvested production after adjustments for quality.
10	ID NUMBER	SSN or EIN of the legal entity.
10	ID TYPE	Code identifying the type of ID NUMBER.
21	INDEMNITY	Amount of loss before deductions for premium.
09,10,13, 14,17,18, 21,22,23	INSURANCE PLAN CODE	???
10	INSURED FIRST NAME	First name of the individual entity.
10	INSURED LAST NAME	Last name of the individual entity.
10	INSURED MIDDLE NAME	Middle name of the individual entity.
10	INSURED NAME SUFFIX	Name suffix of the individual entity (e.g. SR, JR, ETC.)

11,13,21      INSURED SHARE  
22,23

The insurable interest the policyholder has  
in the acreage.

## Definitions

RECORD TYPE(S)	NAME	DEFINITION
21	INSURED SIGNATURE DATE	Date that the insured signed the application.
10	INSURED TITLE	Name title of the individual entity (e.g. DR, TITLE, MR., ETC).
14	LATE PROCESSED FLAG	Code denoting the reason for the late processing of a Type 14 record.
11,21	LIABILITY	Maximum dollar amount of insurance.
21	LIABILITY FACTOR	Factor used to reduce the loss guarantee/liability when under reporting/ misreporting of premium has occurred.
09,11,13, 14,15,17, 18,19,21,22,23,49	LOCATION COUNTY	Code designating county in which insured farm is located.
09,10,11, 13,14,15, 17,18,19,21,22,23,49	LOCATION STATE	FIPS code denoting state in which the insured farm is located.
21	LOSS CODE	Code to designate whether a loss claim an original or revised.
21	LOSS GUARANTEE	Stage guarantee X Determined acres X Liability Factor
20	LOSS PAYABLE TO OTHER	Name of the Assignee 3rd party entity.
13	MAP FACTOR	Exception to Rate Class.
11	OCTOBER-SEPTEMBER	Applies to Nursery only.
11,15,21	OPTIONAL UNIT NUMBER	A unique number assigned to a tract of land which qualifies for further subdivision based on actuarial guidelines. Does not apply to CAT policies.
11	OTHER INSURED	Applies to Nursery only, indicates if the "other location" is insured.
11	OTHER LOCATION	Applies to Nursery only, designates if applicant has other growing locations.
11,13	PERCENT ELECTION	Percent elected by insured to derive price selection. Applies to Dry Beans (bush variety), Green Peas, Dry Peas (wrinkled varieties), Citrus Trees,

Mac Trees and Canning Beans (see Type 11  
record field 54 for canning bean types).

## Definitions

RECORD TYPE(S)	NAME	DEFINITION
21	PERCENT SUGAR	Percent of recoverable sugar for crop 0039.
10	PHONE NUMBER	Telephone number designated by the insured. A complete telephone number including area code and 7 digit local phone number.
11,15	PLAN CODE	Designates which insurance plan applies to the record.
09,10,11, 13,14,15, 17,18,19,21,22,23,49	POLICY NUMER	6 digit number assigned to the insured by the county.
14	POLICY STATUS	Indicates whether the entity was insured for the previous crop year on this crop.
11,13,15, 18,19,21, 22,23	PRACTICE CODE	Code assigned by FCIC to identify the farming practice.
11	PREMIUM RATE FACTOR	Factor used to adjust premium.
15	PREVIOUS APPROVED YIELD	The approved yield from the previous year.
10	PREVIOUS POLICY NUMBER	6 digit number assigned to the policy if the insured was previously insured through another insurance provider.
10	PREVIOUS RO	The RO code of the insurance provider if the insured was previously insured through another insurance provider.
11,13,21	PRICE ELECTION	The price per commodity unit elected by the insured or for Dry Beans (Bush varieties), Green Peas and Dry Peas (wrinkled varieties), the contract price.
21	PRIMARY CAUSE	Code denoting the peril which caused 50% or more of the loss.
21	PRIMARY MONTH	Month in which primary cause of loss occurred.
21	PRIMARY PERCENT	Percent of loss due to primary cause.
11	PRIVATE POLICY CODE	Code designating the type of Reinsured Private Policy.
11,13	PRODUCER PREMIUM	Amount of premium due from the insured.

## Definitions

RECORD TYPE(S)	NAME	DEFINITION
21	PRODUCTION TO COUNT	The amount of appraised and harvested production after adjustments for quality.
11,21	RATE CLASSIFICATION	The classification of the insured acreage as determined from the actuarial documents.
11,14,15	RATE COUNTY	Code designating the county to be used for editing prices and dates.
11,14,15	RATE STATE	Code denoting the state to be used for editing prices and dates.
09,10,11, 13,14,15, 17,18,19,21,22,23,49	RECORD NUMBER	Unique number assigned to a record within record type.
09,10,11, 13,14,15, 17,18,19,21,22,23,49	RECORD TYPE	Type of record in 250 format(e.g. record type 10,11,etc.)
14	REFUND FLAG	Flag to designate that a refund of administrative fee was made.
11	REPORTED ACRES	The total number of insurable acres, before adjustment for share as reported by the insured.
09,10,11, 13,14,15, 17,18,19,21,22,23,49	REPORTING ORGANIZATION (RO)	Code designated to identify the SRA holder who is responsible for the data (05).
15	REVIEW FLAG	Code denoting if a record is selected for field review.
11,21	RISK/AREA	The classification of the insured acreage as determined from the actuarial documents.
10,11,14, 21,49	RO CONTROL DATE	Date used by the reporting organization.
21	SECONDARY CAUSE	Code denoting the peril which caused 50% or less of the loss.
21	SECONDARY MONTH	Month in which secondary cause of loss occurred.
11	SEED COMPANY CODE	Seed company code for hybrid corn seed and hybrid grain sorghum seed planted by the insured.

Code denoting stage of crop growth or period of development at the time of loss.

## Definitions

RECORD TYPE(S)	NAME	DEFINITION
21	STAGE GUARANTEE	Commodity guarantee per acre established for specific stage of crop growth or period of development.
11	TERMINATION FLAG	Indicates termination for non-payment of premium.
11,13	TOTAL PREMIUM	Premium earned for protection provided.
11,15	TOWNSHIP	When combined with the section and range, identifies specific location of land (legal description) being insured.
21	TRANSFER RIGHT OF INDEMNITY	Flag to indicate that a loss payment will be made to the 3rd party designated as 'transfer right to indemnity'.
15	TRANSITIONAL/ DETERMINED YIELD	An estimated yield provided in the actuarial table which is used in calculating average/approved APH yields when less than 4 years of actual, temporary or assigned yields are available.
21	TRIGGER YIELD FACTOR	A factor used to calculate the GRP payment calculation factor for preliminary payments for GRP crops only.
09,11,13, 14,15,18, 19,21,22,23	TYPE CODE	Code assigned by FCIC to identify a crop type, class, or variety.
11	WINTERIZATION	Applies to Nursery only.
15	YIELD ACRE 1-10	Acreage for each individual year in base period.
11	YIELD CONVERSION	Factor used in determining non-irrigated solid planted yield when cotton or ELS cotton is planted in skip row pattern.
15	YIELD INDICATOR	Code denoting an exception to a yield type, yield pattern, etc.
15	YIELD LIMITATION FLAG	Code denoting if approved yield is capped, cupped, normal or not applicable.
11,21	YIELD/QUOTA	APH approved yield or pound quota.
15	YIELD TYPE	Code showing how a yield was established.

### Definitions

RECORD TYPE(S)	NAME	DEFINITION
15	YIELD YEAR 1-10	Crop year for which production is reported. Lowest year in base period is 1 and highest year is 10.
10	ZIP CODE	U.S. Postal Service code.
10	ZIP EXTENSION	Extended U.S. Postal Service code.
