WRITTEN AGREEMENT EDITS & DAS VALIDATIONS**A. WRITTEN AGREEMENT PROCESSING FLAGS****VALUES = H, P, R, W, 3, RC, RT, NC, NT**

R IF THE WRITTEN AGREEMENT FLAG EQUALS 'R' DAS WILL VALIDATE 'RATES', 'DATES' AND 'PRICES' WITH THE ADM FOR THE RATE STATE/COUNTY. THE RATE STATE/COUNTY MUST BE THE REFERENCE COUNTY ON THE WRITTEN AGREEMENT. For purposes of Late Sales Reduction and Fund Designation, DAS will use the later of the company submitted written agreement date (for RMA Issued Written Agreements only) or the ADM date to determine cutoff dates. For Late Filed Acreage, DAS will use the applicable acreage reporting date from the ADM for the rate state/county.

P WRITTEN AGREEMENT FOR MACADAMIA TREES TO ALLOW FOR AN INCREASE IN THE DOLLAR AMOUNT OF INSURANCE. SEE GENERAL STATEMENT ON FCI-35 FOR SPECIFIC DETAILS. The crop code must be equal to macadamia trees. For purposes of Late Sales Reduction and Fund Designation, DAS will use the later of the company submitted written agreement date (for RMA Issued Written Agreements only) or the ADM date to determine cutoff dates. For Late Filed Acreage, DAS will use the applicable acreage reporting date from the ADM for the rate state/county.

W IF THE WRITTEN AGREEMENTFLAG EQUALS 'W' DAS WILL ACCEPT THE DATA SUBMITTED ON THE TYPE 11 RECORD FOR 'DATES', 'PRICES', AND 'RATES'. THE RMA Regional Office WILL BE ASKED TO VALIDATE THE USE OF THIS CODE. DAS will perform an ADM lookup for Dates for SRA requirements for both the location state/county and rate state/county. If a match is found, DAS will use the later of the written agreement date or the date found in the lookup to establish the applicable cutoff dates for FD, and LSR. For LFA purposes, DAS will perform an ADM lookup for dates in both the location state/county and rate state/county, if an acreage report date is not found, DAS will use the end of the reinsurance year (June 30, RY) as the applicable acreage report date for LFA determinations.

3 A flag of "3" does not represent an RMA or company issued written agreement. This flag should be transmitted if the FCI-33 (rules page, map, supplement) provides a rate. IF THE WRITTEN AGREEMENTFLAG EQUALS '3' DAS WILL ACCEPT THE BASE PREMIUM RATE SUBMITTED ON THE TYPE 11 RECORD AND USE IT TO CALCULATE THE PREMIUM. The written agreement type must equal "33" and the written agreement date must equal zeros. DAS has an exception for plan 25 (RA), see B1(next page).

H For "CRC" High Risk Land. The Written Agreement changes the rate/factor. The plan code must equal CRC. For purposes of LSR and FD for RMA Issued Written Agreements, DAS will use the later of the company submitted written agreement date or the ADM date to determine cutoff dates. For LFA, DAS will use the applicable acreage reporting date from the ADM for the rate state/county.

RC For Certified Organic Acreage with a location or reference county. Written Agreement Type must equal "OC". For purposes of LSR and FD for RMA Issued Written Agreements, DAS will use the later of the company submitted written agreement date or the ADM date to determine cutoff dates. For LFA, DAS will use the applicable acreage reporting date from the ADM for the rate state/county.

RT For Transitional Acreage with a location or reference county. Written Agreement Type must equal "OC". For purposes of LSR and FD for RMA Issued Written Agreements, DAS will use the later of the company submitted written agreement date or the ADM date to determine cutoff dates. For LFA, DAS will use the applicable acreage reporting date from the ADM for the rate state/county.

NC For Certified Organic Acreage with no reference county. Written Agreement Type must equal "OC". DAS will perform an ADM lookup for Dates for SRA requirements for both the location state/county and rate state/county. If a match is found, DAS will use the later of the written agreement date or the date found in the lookup to establish the applicable cutoff dates for FD, and LSR. For LFA purposes, DAS will perform an ADM lookup for dates in both the location state/county and rate state/county, if an acreage report date is not found, DAS will use the end of the reinsurance year (June 30, RY) as the applicable acreage report date for LFA determinations.

NT For Transitional Acreage with no reference county. Written Agreement Type must equal "OC". DAS will perform an ADM lookup for Dates for SRA requirements for both the location state/county and rate state/county. If a match is found, DAS will use the later of the written agreement date or the date found in the lookup to establish the applicable cutoff dates for FD, and LSR. For LFA purposes, DAS will perform an ADM lookup for dates in both the location state/county and rate state/county, if an acreage report date is not found, DAS will use the end of the reinsurance year as the applicable acreage report date (June 30, RY) for LFA determinations.

B. Written Agreement Processing Notes

1. For **Revenue Assurance** (RA) only written agreement for "rate" is allowed. Crop/type/practice must be offered in the state and county of insurance. Current flags of 'R & 3' are used with exceptions. Valid combinations are: flag = 3 and types = 33, HR & RL; flag = R and types = HR & RL. The rate is used for the APH part of the RA calculation and the Regional Office should NOT issue a written agreement for actual RA rate. Not applicable for Record 21.
2. **Company issued written agreement** numbers must begin with the two character Insurance Provider code, followed by an additional unique six digit number (ie. Same number cannot be used for multiple policies). These company issued written agreements are only applicable with written agreement processing flags equal to "R", and written agreement types equal to "UA", "NB", "SM", "TC" and "TS". No extension for fund designation, late sales reduction or late filed acreage will be provided on company issued written agreements. All dates be validated to the appropriate ADM for the rate state/county.
3. **DAS WILL VALIDATE TO THE RMA REGIONAL OFFICE WRITTEN AGREEMENT DATABASE/ISAM** For the following fields: Insurance Provider, Location State, Location County, Crop, Written Agreement Number, Written Agreement Type, and Written Agreement Date.
4. **Written Agreement Date.** The company transmitted written agreement date should reflect the RMA print date for written agreements with no insured signature required. For written agreements requiring the insured's signature (ie. Acceptance of the written agreement), companies should transmit the date of the insured's signature. DAS will validate the company transmitted written agreement date to the RMA Regional office database. The RMA Regional Office database will contain a flag identifying those

written agreements requiring an insured's signature. (signature flag equal "Y") If a

signature is required, DAS will edit to ensure that the company transmitted written agreement date is less than or equal to the RMA Regional Office written agreement expiration date. If the RMA Regional Office database contains a flag stating that NO insured signature is required (signature flag equal "N"), DAS will edit the company transmitted written agreement date to the RMA Regional office database print date, if the dates do not match, the company transmitted record & related records will be rejected.

5. RMA Regional Office Issued Written Agreement Numbers: The first 3 digits of the written agreement number represent the applicable RMA regional office that issued the written agreement. DAS will ensure that the code transmitted by the company begins with 001 through 010.

- 001 - Raleigh, NC
- 002 - Valdosta, GA

- 006 - Billings, MT
- 007 - Topeka, KS
- 008 - Oklahoma City, OK
- 009 - Davis, CA
- 010 - Spokane, WA

DAS will edit to ensure that the first 3 digits indicating the RMA Regional office are valid for the location state/county of the written agreement.

- 001 - Valid States: CT, DE, ME, MD, MA, NH, NJ, NY, NC, PA, RI, VT, VA, WV
- 002 - Valid States: AL, FL, GA, SC
- 003 - Valid States: AR, KY, LA, MS, TN

- 008 - Valid States: NM, OK, TX
- 009 - Valid States: AZ, CA, HI, NV, UT
- 010 - Valid States: AK, ID, OR, WA

6. Written Agreement Types must be valid in accordance with the Written Agreement Handbook. DAS will edit the company transmitted written agreement type to ensure it is valid. The written agreement handbook refers to the written agreement type as the logging code for the written agreement. Below are the valid written agreement types for DAS processing and associated edits:

- (i) Reclassified Land. Use code **(RL)** to change the area classification of land or to reclassify high-risk land to standard APH rates.
- (j) Special Purpose Corn. Use code **(SC)**. Crop code must equal corn.
- (k) Small Grain Policy. Use code **(SG)**.
- (l)) Strip Mined Land. Use code **(SM)**.

- (r) Practice (NIBR) of Sunflowers. Use code **(TS)** not on actuarial documents.
- (s) Unit Agreement. Use code **(UA)**.
- (t) Acreage designated unrated, unclassified, and uninsurable. Use code **(UC)** to classify the land as either high risk or standard APH.
- (u) County with no actuarial documents. Use code **(XC)** when there is a crop program available, but no rates are published in the county.
- (v) Nursery Plant List. Use code **(NL)** - unrated plant materials. Crop code must equal nursery.
