Canola, Oats, and Wheat Growers Need to Make Insurance Decisions Soon

VALDOSTA, Ga., Sept. 15, 2016 - USDA's Risk Management Agency (RMA) reminds Alabama canola, oats, and wheat growers the final date to apply for crop insurance coverage for the 2017 crop year is September 30. Current policyholders who wish to make changes to their existing coverage also have until the September 30 sales closing date to do so.

Crop insurance provides protection against a loss in production due to natural perils, such as drought or excessive moisture. Coverage is available for canola in Limestone County. Coverage is also available for oats and wheat in select counties. Additional information can be found on the [Actuarial Information Browser](#) page on the RMA website.

Growers are encouraged to visit their crop insurance agent soon to learn specific details for the 2017 crop year. A list of crop insurance agents is available at all USDA Service Centers and online at the RMA [Agent Locator](#). Growers can use the RMA [Cost Estimator](#) to get a premium amount estimate of their insurance needs online. Learn more about crop insurance and the modern farm safety net at www.rma.usda.gov.
