### **Nursery Growers Need to Make Decisions Soon**

**SPOKANE, Wash., April 3, 2019** — USDA's Risk Management Agency (RMA) reminds Alaska, Idaho, Oregon, and Washington nursery growers the final date to apply for crop insurance coverage is May 1. Current policyholders who wish to make changes to their existing coverage also have until the May 1 sales closing date to do so. Growers applying for the first time may purchase coverage at any time.

Crop insurance is critical to the farm safety net. It provides producers and owners various methods to mitigate production and revenue risks and helps to maintain a healthy rural economy. More information on nursery crop insurance is available at [RMA's Nursery Policy Web page](#).

All applications, including those for new or amended coverage, are subject to a 30-day waiting period before coverage begins. Coverage begins 30 days after receipt of a signed application, a Plant Inventory Value Report for each insured practice, and two copies of the grower's most recent wholesale catalog or price list.

Growers are encouraged to visit their crop insurance agent soon to learn specific details for 2018 crop year. A list of crop insurance agents is available at all USDA Service Centers and online at the RMA [Agent Locator](#). Growers can use the RMA [Cost](#)

[Estimator](#) to get a premium amount estimate of their insurance needs online. Learn more about crop insurance and the modern farm safety net at [www.rma.usda.gov](http://www.rma.usda.gov).
