<sup>1</sup>Harvest Prices are applicable for the Enhanced Coverage Option (ECO) and the Supplemental Coverage Option (SCO).

### Malting Barley Endorsement

The Malting Barley Endorsement (MBE) utilizes a Chicago Board of Trade (CBOT) soft red winter wheat price component to derive the 2021 CY harvest price for any insured whose malt barley contract provides for a premium amount above or below the base price to be determined, and in which the base price is not determined by the acreage reporting date. Please see the MBE for details: [Malting Barley Endorsement \(usda.gov\)](https://www.usda.gov/programs/rma/malting-barley-endorsement)

Malting Barley Type	Exchange	Contract	Harvest Price
Winter Planted Type	CBOT	September SRW Wheat	\$7.26/bushel
Spring Planted Type	CBOT	September SRW Wheat	\$7.26/bushel

### Margin Protection Plan

The following 2021 CY **margin harvest prices** are approved for the Margin Protection Plan. The margin projected price is used in conjunction with projected input prices and the expected county yield to derive the expected margin (per acre), margin (per acre) and liability. Please see the following web page on RMA's public website for program details: [Margin Protection for Corn, Rice, Soybeans, and Wheat | RMA \(usda.gov\)](https://www.usda.gov/programs/rma/margin-protection-for-corn-rice-soybeans-and-wheat)

Crop/Sales Closing Date/State/Type	Exchange	Contract	Harvest Price
