### **Description of RMA Determinations**

**Hay Alfalfa (Dry) / Total for Crop / Harvested Yield** – Based on the NASS "combined counties" estimate for the NASS Agricultural Statistics District the listed county is assigned. Calculated by dividing the NASS combined counties estimate of Hay Alfalfa (Dry) production by the NASS combined counties estimate of Hay Alfalfa (Dry) harvested acres.

**Hay Other (Dry) / Total for Crop / Harvested Yield** – Based on the NASS "combined counties" estimate for the NASS Agricultural Statistics District the listed county is assigned. Calculated by dividing the NASS combined counties estimate of Hay Other (Dry) production by the NASS combined counties estimate of Hay Other (Dry) harvested acres.
