Margin Protection

The following 2023 CY **margin projected prices** and **volatility factors** are approved for the Margin Protection plan. The margin projected price is used in conjunction with projected input prices and the expected county yield to derive the expected margin (per acre), trigger margin (per acre) and liability. The expected margins for each crop/county are available at the following: aibpf-rma.fpac.usda.gov/apps/ActuarialInformationBrowser/.
