Subject

Grass Seed Changes Effective for the 2024 and Succeeding Crop Years

Background

The Risk Management Agency (RMA) revised the Grass Seed Crop Provisions to allow enterprise units and optional units by type beginning with the 2024 crop year. RMA also clarified that a grass seed production contract must be provided by the acreage reporting date.

Action

The Grass Seed Crop Provisions (24-0102) will be available by close of business today on the RMA website at www.rma.usda.gov.

Approved insurance providers must notify policyholders of these changes at least 30 days prior to the cancellation date, as required by the policy.

Interested producers should contact a crop insurance agent for further information. A list of agents can be found on the RMA website at www.rma.usda.gov/tools-reports/agent-locator.
