Livestock Risk Protection for Feeder Cattle, Fed Cattle, and Swine Revisions Effective for the 2021 and Succeeding Crop Years

The Federal Crop Insurance Corporation's Board of Directors (Board) approved revisions to the Livestock Risk Protection (LRP) plan of insurance for Feeder Cattle, Fed Cattle, and Swine, under section 508(h) of the Federal Crop Insurance Act, on August 20, 2020. These modifications were previously announced in PM-20-064.

The following revisions are applicable for the 2021 and succeeding crop years effective beginning January 20, 2021:

- Increase head limits to:
 - Feeder Cattle – 6,000 head per endorsement/12,000 head annually
 - Fed Cattle – 6,000 head per endorsement/12,000 head annually
 - Swine – 40,000 head per endorsement/150,000 head annually
- Modify the livestock ownership requirement to 60 days
- Add endorsement length options up to 52 weeks for swine
- Add new feeder cattle and swine types to allow for livestock to be insured before birth

The following materials will be available by close of business today on the RMA website at www.rma.usda.gov:
