Subject

Shellfish County Loss Triggers for 2024 January-September

In accordance with Section 9 of the Shellfish Commodity Provisions and Shellfish Data Provisions, approved counties will have an updated county loss trigger available by close of business today in the following formats:

- Actuarial Information Browser (AIB) online reporting application:  
[aibpf-rma.fpac.usda.gov/apps/ActuarialInformationBrowser/](https://aibpf-rma.fpac.usda.gov/apps/ActuarialInformationBrowser/)
- Actuarial Data Master (ADM) bulk data file download:  
[pubfs-rma.fpac.usda.gov/pub/References/actuarial\\_data\\_master/](https://pubfs-rma.fpac.usda.gov/pub/References/actuarial_data_master/)

The following counties have been triggered for the 2024 commodity year.

| County Loss Trigger | Date of First Triggering Event | State         | County     |
|---------------------|--------------------------------|---------------|------------|
| Named Storm         | January 10, 2024               | Maine         | Cumberland |
|                     |                                | Massachusetts | Plymouth   |
|                     |                                | Rhode Island  | Newport    |
|                     |                                |               | Washington |

| <b>County Loss Trigger</b> | <b>Date of First Triggering Event</b> | <b>State</b>   | <b>County</b>  |
|----------------------------|---------------------------------------|----------------|----------------|
| March 11, 2024             | Maine                                 | Lincoln        |                |
|                            | Massachusetts                         | Barnstable     |                |
| September 26, 2024         | Florida                               | Franklin       |                |
|                            |                                       | Wakulla        |                |
| Low Salinity               | March 3, 2024                         | Florida        | Franklin       |
|                            |                                       |                | Wakulla        |
|                            | March 17, 2024                        | Maryland       | Calvert        |
|                            |                                       |                | St. Mary's     |
|                            |                                       |                | Gloucester     |
|                            | May 19, 2024                          | Virginia       | Northumberland |
|                            |                                       |                | Westmoreland   |
|                            | July 22, 2024                         | Mississippi    | Harrison       |
|                            | July 24, 2024                         | Maine          | Lincoln        |
|                            |                                       |                | Carteret       |
|                            | July 26, 2024                         | North Carolina | Onslow         |
|                            |                                       |                | Pamlico        |
|                            | July 31, 2024                         | North Carolina | Dare           |
|                            |                                       |                | Beaufort       |
|                            | August 11, 2024                       | South Carolina | Charleston     |
|                            |                                       |                | Colleton       |
|                            | August 14, 2024                       | Virginia       | Accomack       |
|                            |                                       |                | Nassau         |
|                            | August 14, 2024                       | New York       | Suffolk        |
|                            |                                       |                |                |

In accordance with Sections 10 and 11 of the Shellfish Commodity Provisions, insured producers in the above counties must demonstrate a loss in production below their production guarantee in order to receive an indemnity.
