Subject

Dry Bean and Dry Pea Revenue Endorsement Changes Effective for the 2026 and
Succeeding Crop Years

BACKGROUND:

The Risk Management Agency (RMA) is revising the Dry Pea Revenue Endorsement to allow written agreements in counties with no actuarial documents if an eligible reference county, type, and practice are identified in the Special Provisions. This change will allow producers of Spring Large Kabuli Chickpeas, Spring Small Kabuli Chickpeas, and Spring Smoother Green and Yellow Peas to obtain insurance by written agreement in Nebraska. The Dry Bean and Dry Pea Revenue Endorsements are both receiving plain language and reference updates.

ACTION:

The following documents will be available by close of business today on the RMA website at www.rma.usda.gov.

- Dry Bean Revenue Endorsement (26-0047a)
- Dry Pea Revenue Endorsement (26-0067a)

Approved insurance providers must notify policyholders of these changes at least 30 days prior to the cancellation date, as required by the policy.

Interested producers should contact a crop insurance agent for further information. A list of agents can be found on the RMA website at www.rma.usda.gov/Tools-Reports/Agent-Locator.

DISPOSAL DATE:

December 31, 2026
